MEMBERS

This list has been prepared at A. L. A. headquarters and is, so far as known, correct to September 20th. It has seemed wise to print the names of honorary members separately and to print the names of libraries and other institutional members in Gothic type and those of life members in capitals that they may both be readily distinguished from annual members.

Public libraries have been classified under the names of the towns in which they are located, while state libraries, library associations and library clubs are classified by states.

The number following each name is the registration number in the order of joining.
